

List of courses revealed for students to receive extended post-study work rights

3 July 2023

The [full list of courses](#) that allow international graduates to receive extended post-study working rights has been released.

If anyone needed another reason to study in Australia, international students enrolled in courses linked to workforce shortages can apply to live and work for longer in Australia.

From 1 July 2023, a two-year extension of post-study work rights is available for international graduates enrolled in eligible courses including teaching, nursing, and engineering.

There are over 3,000 eligible courses available. International graduates enrolled in these courses will have an additional two years added to their Temporary Graduate visa.

Extensions will increase from:

- Two years to four years for select Bachelor degrees
- Three years to five years for select Masters degrees
- Four years to six years for all doctoral degrees.

CRICOS courses eligible for extended post-study work rights

June 2023

This is the list of all courses eligible for the extended post-study work rights measure. If a Bachelor or Masters course is on this list, it is eligible. If a Bachelor or Masters course is not on this list, it is not eligible. **All** doctoral degrees are eligible.

How to find a course

The document is organised alphabetically by provider, and within providers by course level. To find out if your course is eligible, you can search for your CRICOS course code in this document.

If you are a student and don't know your CRICOS course code, you can find your CRICOS course code on your Confirmation of Enrolment (CoE) certificate next to the course name. Alternatively, you can search for your course code on the [CRICOS website](#).
